

# Getting Covered Through Medicaid

Low-income Missourians can get free health insurance through Medicaid, also called MO HealthNet in Missouri.

**Thanks to the new Medicaid Expansion initiative passed by Missouri voters in 2020, more people now qualify for Medicaid.**

## What is Medicaid?

Medicaid is a program that provides free health insurance to certain people who do not have other insurance. Individuals who can get covered by Medicaid include adults and children, parents of a child 18 years or younger, pregnant people, people with disabilities or caring for a family member with a disability who meet income requirements.

## Who qualifies?

Whether or not you qualify for Medicaid depends on how much money you earn and how big your family is. Adults can now qualify for Medicaid if they earn up to 138% of the Federal Poverty Level. For example, that covers a single adult earning up to \$17,774 a year (\$1,482 a month), or adults in a family of three earning up to \$30,312 a year (\$2,526 a month). See the chart below to find the monthly or yearly income for your family size.

Household Size	100% FPL		138% FPL	
	Monthly	Yearly	Monthly	Yearly
1	\$1,073	\$12,880	\$1,482	\$17,784
2	\$1,452	\$17,420	\$2,004	\$24,048
3	\$1,830	\$21,960	\$2,526	\$30,312
4	\$2,208	\$26,500	\$3,048	\$36,576
5	\$2,587	\$31,040	\$3,570	\$42,840
6	\$2,965	\$35,580	\$4,092	\$49,104

These income limits to qualify are much higher than they were before thanks to Medicaid Expansion. For some groups, like children and pregnant women, the limits to qualify are even higher. If you've been told in the past that you don't qualify for Medicaid or for insurance discounts, now is the time to try again.
